Apportionments told

State Controller Houston I. Flournoy has announced the distribution of \$56,966,789 among the state, cities and counties as the August apportionment of highway users taxes. San Bernardino County's share was \$544,653 and Upland city's share was \$20,177.

A total of \$14,282,360 went directly to the counties; \$10,683,932 to cities; and \$32,012,863 for expenditures on state highways.

The total was derived from the following sources: gasoline tax, \$51,537,359; diesel fuel tax, \$3,453,164; income from investments, \$1,975,293; miscellaneous, \$973.

The apportionment was \$2,496,384 greater than that for the preceding month, principally because the August apportionment included the semi-annual transfer of interest earnings on investments.

Total gasoline tax income for the August apportionment increased \$207,594 from the prior month, and diesel fuel tax increased \$313,725.

Flournoy also announced the distribution of \$5,924,576 to counties and cities as the August apportionment of cigarette tax.

San Bernardino County received \$38,371 and Upland City got \$7,997. The 58 counties' share was \$1,108,105 and the cities' share totaled \$4,793,308.

This distribution represents 30 per cent of the revenue deposited in the Cigarette Tax Fund during the month of July 1970, less 30 per cent of the total administrative costs.

Burn center drive set

West End firemen, spearheaded by the Cucamonga and Alta Loma Fire Departments, are planning a benefit Oct. 18 to launch the drive for a "burn care center" in the West End.

The benefit, a donkey softball game, will be held at 2 p.m. in Upland Memorial Park. Admission is \$1 per person. On hand will be Robert Fuller, star of "Laramie" and "Wagon Train" and Rick Arnold, a top Hollywood stuntman.

Playing will be the "Country Bumpkins" (Cucamonga and Alta Loma firemen) vs. the "City Dudes" (Ontario and Upland).

According to Larry Navarette of the Cucamonga Fire Department, response to the idea of a burn care center has been "tremendous" and a committee is being formed composed of doctors, firemen and industrialists who will be responsible for deciding the location of the center and for administering the funds.

The burn care center is intended to serve anyone who suffers burns from fires, explosions or electrical or chemical accidents. It will offer intensive care, treatment and rehabilitation. Currently, Los Angeles is the nearest location of a burn care center similar to the one planned.

Upland Lions busy

The Upland Breakfast Lions will gather with others in a Tri-County meeting tonight at 6:30 p.m. in the Upland Inn. District 414 officers will also attend.

On Sept. 26, they will attend Charter Night party at the Holiday Inn. Oct. 2 and 3 are White Cane Days when Lions sell miniature red and white canes to raise funds for their sight conservation project.

Upland Host Lions will meet today at 12:15 in the Upland Woman's Clubhouse. Ralph Foley will talk on racing.

Upl. Kiwanis to install

The Kiwanis Club of Upland will hold its annual installation banquet at Orlando's Restaurant in Pomona on Tuesday evening, Sept. 29.

Preceding that, Kiwanians are preparing for the installation, Sept. 24, of the Lt. Governor of the district at the Red Hill Country Club, Cucamonga.

Local fair entries

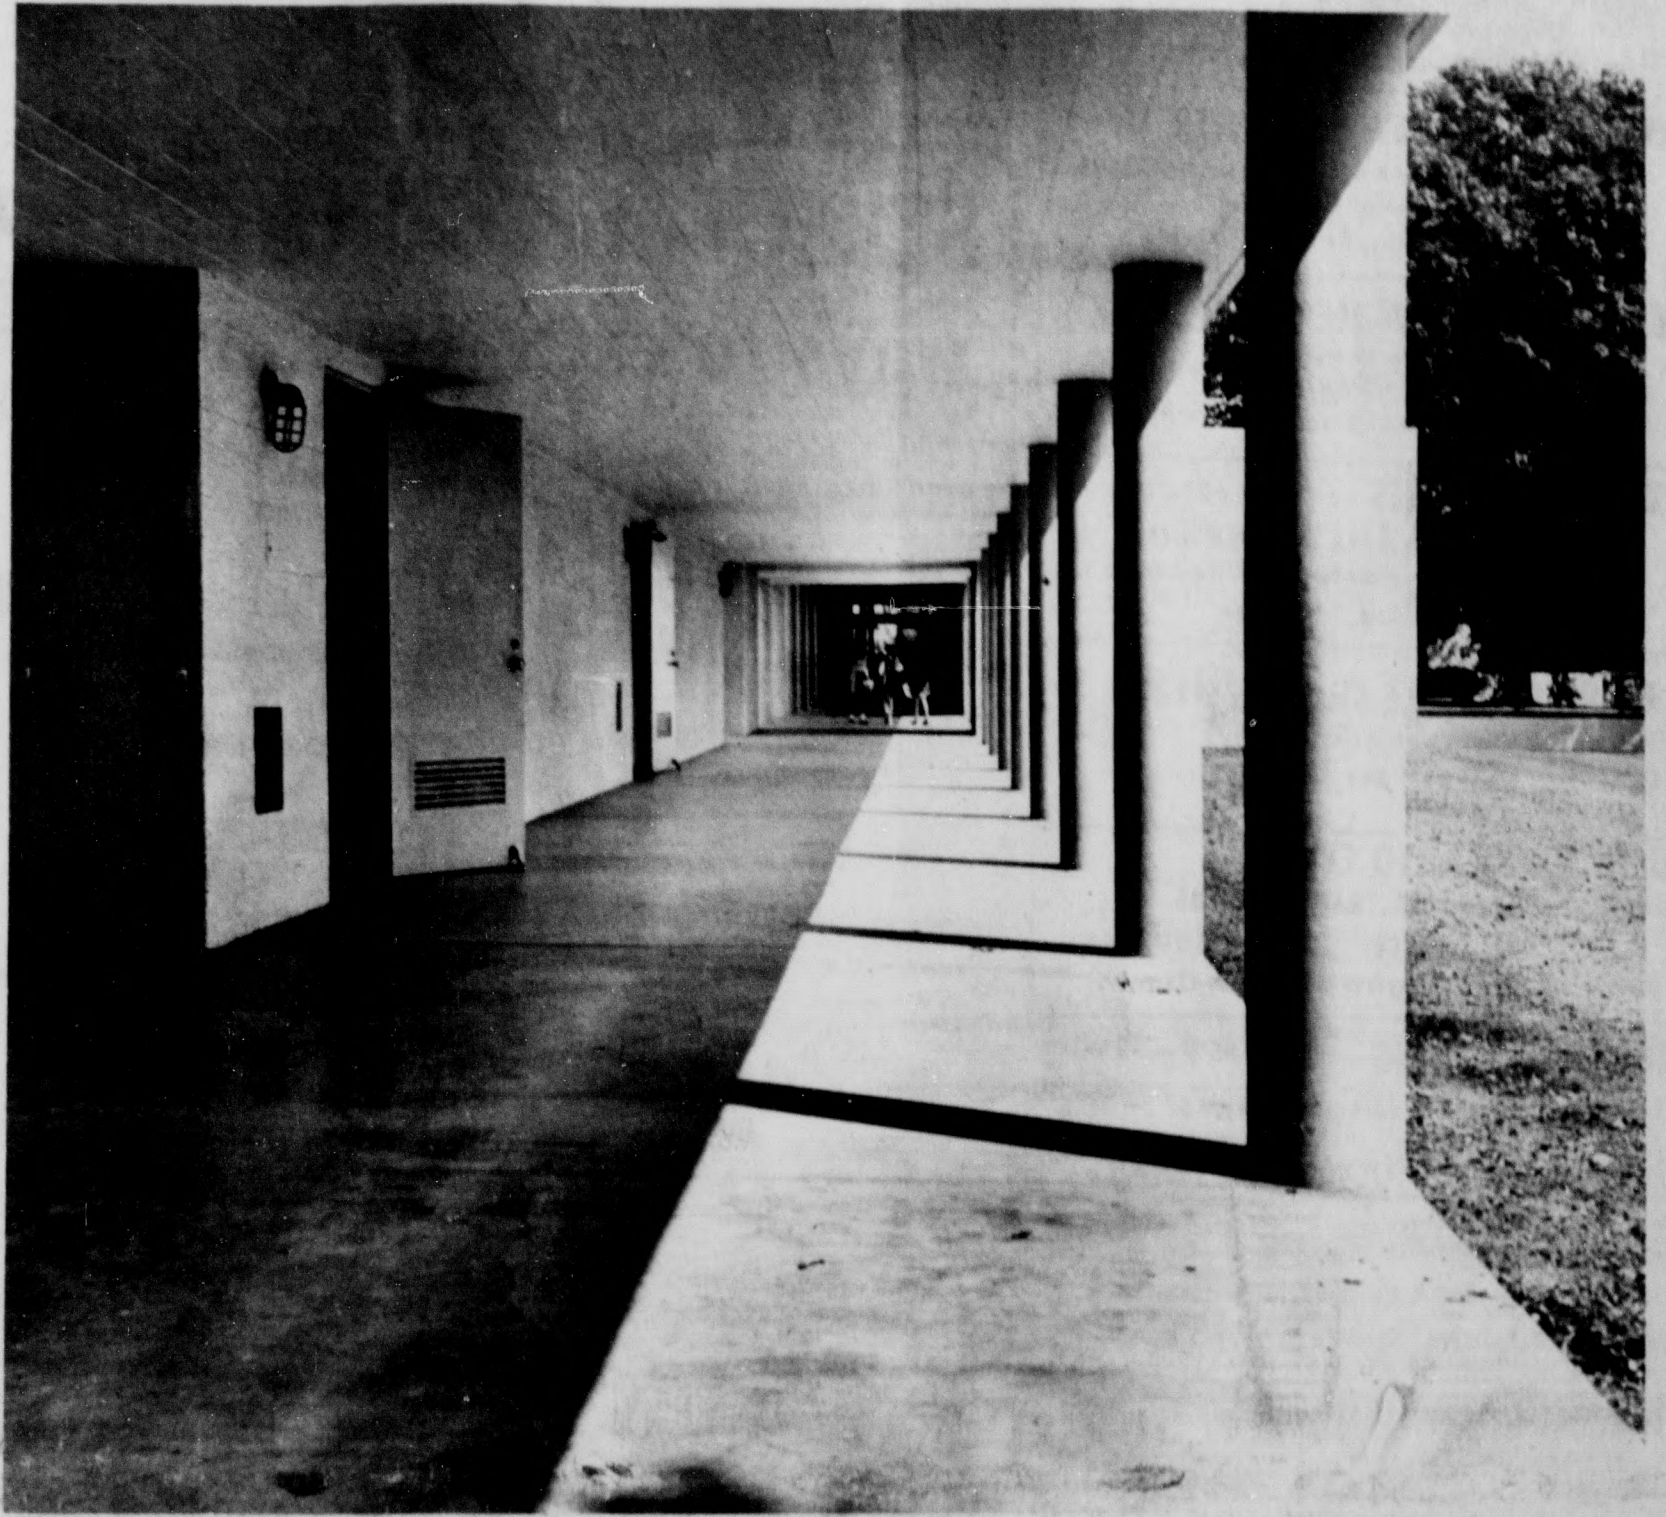

Two Upland residents will display their skills in the domestic arts at this year's Los Angeles County Fair. Hugh Lamphear is entering an inlaid checker board.

A retired painter, Lamphear enjoys making gavels and hobby horses.

Edith Morgan is submitting numerous examples of needlework. Her techniques include crocheting, embroidery, petpoint and tatting.

The fair will run for 17 days from September 18 through October 4, at the fairgrounds located in Pomona.

Students in storm center

Hurrying to school

Oblivious to the problems arising in the district, students at Upland Elementary School hurry to classes. Teachers and

trustees were reportedly still conferring on requests for additional equipment and supplies made by teachers.

No decision yet (?)

Talks continue; Orum may reply

Talks are continuing this week in Upland School District between the Board of Trustees and the Upland Educators Association, representing the elementary system's teachers.

Under discussion are increases in classroom equipment and supplies, which teachers maintain are grossly below par, and improvement in children's learning conditions.

As long as "meaningful negotiations" continue, neither the trustees or the teachers will divulge what happens in the closed door personnel sessions.

There were two such meetings last week, and one on Monday evening of this week.

Another problem facing the district, that of the \$24,654 contract as a consultant held by Vern Orum, former district superintendent, is also under study.

Contacted recently at his new job as assistant superintendent for business in Barstow, Orum indicated he was considering a reply to the letter written to him last week by the Taxpayers Association of Upland. The association is a citizens committee.

Orum did not say whether or not he would reply to the letter, merely that he was "considering" doing so. His contract with the elementary school district here runs until the end of the current

fiscal year. He is reportedly earning \$22,700 in his new post in Barstow.

Sister-City year begins

The Town Affiliation Association began its new year last week with a review of the June 26-27 Fiesta held here. Board members expressed appreciation to those working to make the Fiesta successful. Approximately \$300 was obtained.

A report from Ken Wright, mayor of Upland's Australian sister-city, Mildura, noted a project book prepared by sixth grade students in Mildura West School is on its way to Upland. It is anticipated students in the Valencia School sixth grade in Upland will prepare a similar book to send to Mildura and begin pen pal activities.

The new administration of Caborca, the Mexican sister-city, was to take office Sept. 16. The board authorized a telegram of best wishes to the new council and mayor-elect, Jesus Reyes Lopez, and appreciation to retiring councilman and mayor, Dr. Carlos Valencia Ocano.

A caravan of the Swinging Joe Square Dance group will visit Caborca at Thanksgiving and asked the association to make arrangements for them to appear at the Plaza. Others interested in joining the caravan are urged to contact the Town Affiliation.

'Pioneers' at Pioneer

Embarking on their first teaching assignments at Pioneer Junior High School in Upland, six teachers talk with Shelby Forrest, left, principal of the school. The teachers are: Bob Merrill, at right (out of picture) who will teach science and math; Nancy Cook, front, English and history. Second row left, Bill Coxon, industrial arts; Claudia Koenig, English; third row left, Ann Reichling, aide; David Coffman, science and English and Paul Yamamoto, science.

Mark Alexander Kiwanis governor

UPLAND -- Following the presentation of his candidacy by the Upland Club and Divisions 15 and 35, Mark Alexander was elected governor of the California-Nevada-Hawaii District of Kiwanis International at the District Convention in Fresno last week. The action of the delegates was unanimous.

Alexander joined the Upland Kiwanis Club in 1958 and has had perfect attendance since his induction. He served as president in 1962, during which time the club received both district and International first place achievement awards.

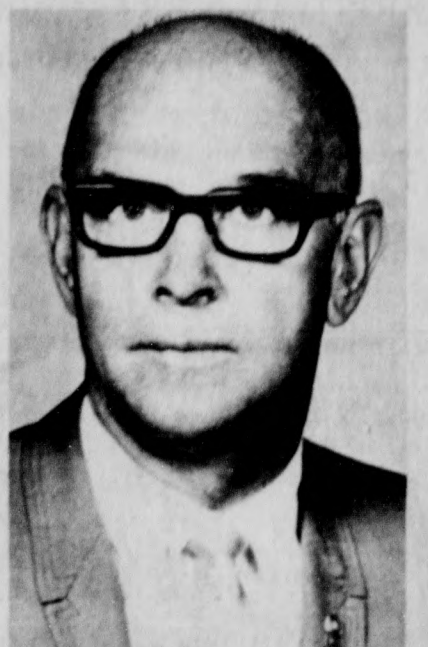

In 1963 he served as division secretary and was a member of the district elections committee. He has served as lieutenant governor of Division 15 and as chairman of the governor's gift committee.

In 1968 he was a member of the district education and attendance committees, was election chairman for the district, and was a panel speaker at the mid-winter conference. He was chairman of the district education and attendance committee for 1969 and the same year was chairman of the mid-winter conference panel discussions.

The new governor has served Kiwanis in many other capacities during the years of his membership and has attended five International conventions, seven district conventions and eight mid-winter conferences.

Forty-nine years old, he is a real estate developer and investor, and resides at Mount Baldy with his wife, Phyllis. He is an active lay leader in his church and his civic activities have been almost boundless.

The new governor has announced full time attention to his new duties.

Out of My Mind

BY JENNY KIRKPATRICK
and here are my thoughts on the trip.
Up, Up and Away
Recently I returned from a trip to Oklahoma
Friday we left Ontario International Airport and I thought how great to be

leaving the s-m-o-g. We boarded an Astro-Jet and found it as comfortable as a Mother's living room. I had a man-sized breakfast on child-sized

dishes, and then settled down for a nap.
A couple of times, I opened one eye to view the world below. Somehow everything looked different. When you are up, up and away, clouds look like a whipped cream topping on the world instead of a threat of rain when you are below them.

I've a secret. The sky is b-l-u-e and c-l-e-a-n. Maybe we should turn the world over and dump out the pollutants and pollutants.

While you are traveling at a speed of what-ever miles, the pilot gives a geography lesson. "Ladies and gentlemen, on your left is Parker Dam, on your right a famous lake and directly below us, the Grand Canyon." This information is very useful because if you look in all directions, you see what looks like a paper mache conglomerate that looks like some desperate kid put it together the night before for an

early morning social studies project. It is better that you sleep and make up your own dreams.

It was s-m-o-g-g-y in Texas when we came in at 10:30 a.m. by my time and 12:30 p.m. by theirs. (That's what I get for sleeping, a loss of two hours.)

The Dallas Airport is an interesting light show, millions of various sized lights twinkling around the room. It is also blessed with l-o-n-g, l-o-n-g corridors. We walked miles to board a plane for Oklahoma and were on it 20 minutes and two swallows of coke.

The Tulsa Airport is environmental -- that is, it has three-level architecture, lots of fountains and green grass and is very nice.

We were driven to Okmulgee to attend an editors' seminar. The drive was on freeways, just like ours, and Tulsa is busy, just like us. The only difference is the air is

c-l-e-a-n and the sky is b-l-u-e. We Californians choked on the fresh air. For two days we were in session learning about newspapers and exchanging ideas.

The seminar was held in a remote place and it was q-u-i-e-t. Crickets or whatever they were, chirped their hearts out and birds sang a full repertoire of songs for us. We were surrounded by lots of green grass and trees and a quiet lake.

The days were relaxed and it was like being in another world. The people were friendly, hospitable and delightful to talk with. They have soft accents and some tell us we talk funny. "Who, us?"

The city is reminiscent of civil war days and early Indian days. You can almost see Mark Twain writing his stories while sitting along the bank of the river. There is room to breathe, to think, to live and when the sun rises on the horizon in a c-l-e-a-n morning, we all resolved to become "rat race" drop-outs at least once a year.

Editors' seminar

LAVERNE - Four students from Damien High School in LaVerne spent a unique two weeks at the University of Southern California attending a Journalism Workshop for high school newspaper and yearbook editors.

Greg Salvato and Pat Merrinan, co-editors of The Laconian school paper; Ed Romero and Ken Figlioli, editors for The Spartiate, Damien yearbook, joined 30 other students from the state in this experience.

Rou Copperud, associate professor in the School of Journalism, conducted the classes. Students were housed on campus in Trojan Hall and Mark Towers. Student body funds covered expenses for the boys.

The students also visited the L.A. Times, CBS T. V. News studios, and Disneyland.

John Kraemer, new teacher at Damien, will be the Year Book and newspaper advisor for the coming school year.

Brumund Boarding to open

ALTA LOMA - An advanced and modern facility for boarding and training horses will open Oct. 1 in the foothills of Alta Loma.

The completely new Brumund Boarding, 18 acres of professional stabling built on terraced and planted grounds, is the area's newest business.

Brumund Boarding, owned and operated by Lota and Rudy Brumund, represents the efforts of years of planning and work to provide what the Brumunds term a professional system of equine care not formerly available in this area.

Featured on the new grounds are barns, box stalls and pipe paddocks all v-mesh lined. According to Brumund, horse owners may choose from four styles of board-

ing all of which will provide their animals with covered stalls, individual feeders, automatic waterers, and daily cleaning.

Other features of Brumund Boarding include a large riding ring, a locked tack room with individual lockers, hot and cold water wash racks, and miles of open riding country.

The Brumunds, natives of the Cucamonga-Alta Loma area, have been professionally engaged in training, breeding and boarding since the 1930's. They are members of the Southern California Arabian Horse Association (SCAHA) and have been frequent participants in horse shows in the western United States. While under their training, the Arabian Asil Zodiack was the reserve champion horse at halter

in the United States and in the top 10 western pleasure horses of the United States.

Professionally both Mr. and Mrs. Brumund have taken horse management courses at California State Polytechnic College, Pomona and have attended numerous SCAHA seminars. Mrs. Brumund is a graduate of the University of Arizona, Tucson, and has taken graduate work at Claremont Graduate School. She is a former member of the physical education faculty at Mt. Readers' forum

Dear Editor:

I have just returned from a six-week study seminar to South America. The United Methodist Church Conference sponsored 14 college students traveling to six countries in South America. We went seeking a new world; a world where people can see people as people, and be able to sit down and call each other friend, instead of foe.

We spent most of our time in Chile, a very troubled country. Most of the people I talked with were either Socialist or Communist.

I see where Salvador Allende has just won the presidency of Chile. Allende is the leader of the Communist party. He has stated that he will ask the United States to reschedule this country's \$800 million debt and promised "to end once and for all Chile's dependence upon the United States." This is what the Communists want.

South America has many natural resources that the Communist countries would like to control. Chile would be a prize for any country to control.

Allende has also said that he will nationalize the American copper mines in Chile. The people of Chile are a very proud people. If the United States sends troops to protect the American business man troops to protect the American interest, the people of Chile are ready and willing to fight for the rights of the mines.

Why can't we find some way to compensate the American business man in Chile and carry on peaceful trade with this country?

Our neighbors to the South are in big trouble. In a few years if we don't watch out, all of our neighbors to the South will be Communist.

If we are so afraid of Communism, why don't we act now trying in a peaceful way until all that is left is: "the eternal darkness, the eternal silence prevail, the undivided attention of the entity . . . has ceased what now is left?" (Hamilton).

WHERE DRAWINGS AND SPECIFICATIONS MAY BE SECURED
Each proposal must conform and be responsive to all pertinent contract documents. Copies are now on file and open for public inspection in the office of the Architect. Information on how to get involved in 4-H can be obtained from the County Extension Service office.

56¢ a week more puts you in the white house.

Does it cost a lot to live in a Medallion All-Electric Home? Without gas?

To get the facts, we compared utility costs. Our study was based on 8,000 homes. Bills were typical of families of four living in 3-bedroom homes.

Half of the homes used both gas and electricity. The average weekly cost for gas was \$2.27, plus \$2.61 for electricity. That totals \$4.88 a week.

The other half

were Medallion All-Electric Homes where everything was run by electricity. The average weekly cost of electricity was \$5.44.

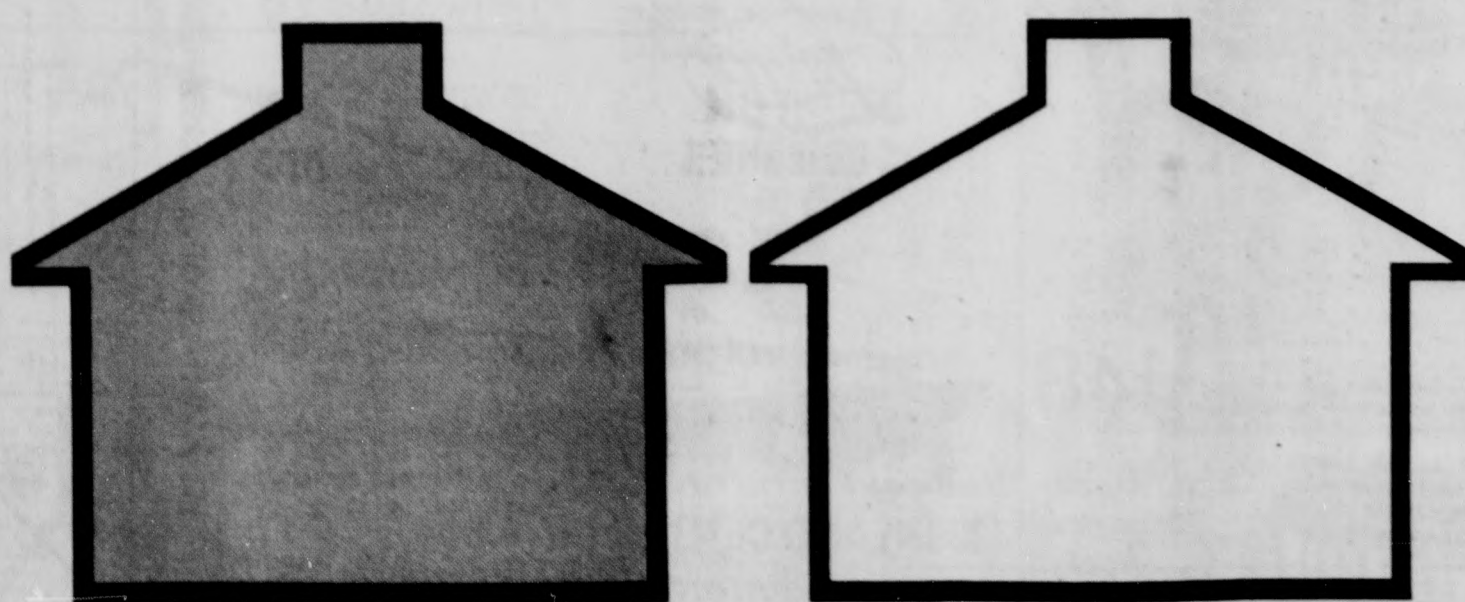

That's a difference of 56¢ more a week. And no gas bill.

And no flames, no fumes, no by-products of combustion that dirty walls and windows.

For an average of 56¢ more a week, wouldn't you rather live the good clean life flamelessly?

The paste pot---

— by Ruth Koehler

Surprise! New column by yours truly. In order to be a success with it I just have one thing to say -- "Keep those cards and letters coming, folks!"

DATELINE MONTCLAIR -- Recently the city council tried to ban traditional Halloween activities; studied a petition to ban ice cream trucks; studied an idea to ban minibikes; and then someone tried to sell the high school. Overheard comment on the goings on, "Looks like they'll have to ban Thanksgiving next. Pretty soon there won't be anything to be thankful for."

DATELINE WALNUT -- How come the Kiwanians up there don't know when the pancake breakfast they keep talking about is supposed to happen?

DATELINE SOMEWHERE LOCALLY -- Last week one of our favorite dailies ran a front page story

touting the wonderful fact that a huge corporation was going to relocate in the Pomona Valley. However, on page 3, on the same day, the same paper had a story about the same corporation and how the state attorney general was going to help the Air Pollution Control District close them down for releasing dangerous chemicals into the air. They've been cited four times in their present location. So they're going to move????

DATELINE APOLOGY -- The editor extends sincerest apologies and is highly embarrassed. We had set up and planned a front page story for the Bulletin about the Women's Club Fiesta. Well, we left it out. And we are truly sorry.

ANOTHER APOLOGY -- Goes to the Montclair Methodist Church for not getting their article on the Bennetts in before they spoke at their church!

Poetry Corner

A Time
Between Summers
by R. T. Douse

Come walk with me
Across dead leaves,
Under barren trees
With empty arms
Uplifted,
Craving,
Needing that
Which only spring can
give;

Walk on with me
Through twisted weeds,

It is hard to find a man who
has studied for three years
without making some progress
in virtue.

-Confucius.

Across dead fields
Of patient rocks
Waiting,
Watching,
Silently
One season slip away;

Where fled the warmth
Once we both knew?
Where fled the color of
this place,
Once our playground
too?

Tomorrow brings a gentle
rain,
Perhaps...
To ease the pain
Of this time between
summers.

O-M schools enrollment listed here

MONTCLAIR -- First day enrollment in the Ontario - Montclair School District is slightly lower than last year at the elementary school level, while area high schools showed a very small increase in enrollment.

Supt. Homer F. Briggs of the Ontario-Montclair district was unable to account for the decline. He said the district had hoped enrollment would be about the same as last year.

Enrollment in the Montclair area is generally lighter, Briggs said, but with some school boundary changes it was not easy to get a clear picture of projected enrollment figures.

Enrollment for the Ontario - Montclair School District's 33 schools totaled 16,676, 273 less than last year's first-day figure of 16,949.

Comparative enrollment figures for the three high schools with this year's figure listed first, are: Montclair HS 1,827, 1,750; Alta Loma HS 1,603, 1,461; Ontario HS 1,132, 1,052; Chaffey HS 3,355, 3,300.

Montclair elementary schools included the following: Howard, 316, 334; Kingsley, 601, 665; Lehigh 583, 598; Buena Vista (for trainable mentally retarded), 66, 54; Margarita, 646, 666; Mission, 519, 519; Monte Vista, 608, 613; Moreno 512, 550; Ramona 500, 513; Serrano 772, 791; Vernon 686, 684.

School news--Moreno PTA

MONTCLAIR -- Moreno PTA is having its first general membership meeting of the year tonight, Thursday, Sept. 24, at 7:30 p.m.

The group will meet in the school's multipurpose room. Cub Pack 332 is scheduled to lead the flag salute.

REDUCE NOW & HAVE A NEW FIGURE FOR FALL

"I'VE JOINED PAT WALKER'S 'HAPPY LOSERS', " SAYS GLENDALE
WOMAN. LOSES 27 1/2 INCHES . . . STILL GOING DOWN!

In this photo taken before she began her Pat Walker reducing program, Ruth Fowler weighed 144 pounds. She states, "Like so many wives, I got careless with my appearance. Every once in a while, I'd try to regain my figure with the 'quick diet' routine, to no avail. I noticed that our dog was getting a bigger hello greeting than I when my husband came home from the office. That did it! I began reducing with Pat Walker and am so proud to have regained my figure."

Here Ruth Fowler poses with Pat Walker. Mrs. Fowler lost 4 1/2 inches from her waist; 4" in her abdomen; 4 1/4" from her hips and 7" from her thighs for an overall loss of 27 1/2 inches. She states, "I was impressed by the testimonials I heard from Pat Walker patrons and I've joined Pat Walker's 'happy losers'. I've gone from a size 16 to a size 9 and my husband is again looking at me like I'm a brand new date . . . and, our dog is once again in second place!"

WOMEN THE WORLD OVER ENJOY COMPUTERIZED REDUCING WITH PAT WALKER

By Miss Pat Walker
Reducing Authority International Compares the OLD
Methods to Her Revolutionary Computerized
Equipment and Program

Through the years Reducing has been associated with much promise but usually disappointing results. Salons operated by untrained personnel offering unproductive programs' using reducing and the desires of sincere women as a pawn to further their own personal gains have existed throughout the country and the world.

This has been a stigma to the reducing business and has

always been a thorn in the sides of sincere people dedicated to the field of reducing and the needs of the women of the world today.

Fortunately, today a woman is better educated about the problems of reducing. She has heard and read promises made that any intelligent woman knows to be impos-

ible to keep. She has been approached and sometimes fooled into thinking there were devices and programs that could perform miracles in a few short hours and days.

It is with complete sincerity and pride that I can tell you about our new and revolutionary reducing program. We now have new

equipment and programs that invite comparison; that has dated all reducing methods such as women have known.

Reducing that eliminates guesswork; the tape measure, obsolete equipment and idle promises. A program that faces a woman's reducing problem realistically.

This, I might say, has not

been an easy or uncostly project. Much time, experience, research and development has gone into such a program. But the outcome of such a project is new equipment and a program complete in every aspect that faces all phases of a woman's reducing problem thoroughly, scientifically and realistically.

Effortless Reducing Gives Every Woman Her Perfect Figure

By Miss Pat Walker
The Internationally
Recognized
Reducing Authority

"Why, oh, why, did I wait so long to start a reducing program?" moaned an overweight lady as she came rushing into one of our salons. "Now I'll look absolutely awful in all my clothes."

That remark—paraphrased, of course—is repeated many times by patrons who hurried in at the last minute hoping for the impossible—an instant, overnight shape-up.

It's only natural, of course, that a woman should want to look attractive on special oc-

tune. This is not a happy thought but if a woman will honestly face the reality of truth, she will know that this is in truth a fact.

But one thing about which a woman can be certain—as long as she lives—is that her body is the house in which she lives. It's a smart woman and a realistic woman who openly takes inventory of herself and decides whether she's satisfied or not satisfied with the "house she lives in"—and then if dissatisfied, she makes the decision of doing something about improving her figure and appearance.

If a new figure is her decision, she'll feel proud and want to "show off" the "lovelier house" in which she lives. Or, if not, she'll find reasons to hide her figure . . . and to settle for second best.

I feel sad for any woman today who will settle for a poor figure. It is so unnecessary. Perhaps that was woman's fate back when bustles were the vogue — but not today because any woman, regardless of her age or regardless of how long she's had her figure problem, can reduce to bone structure and firm and tone to wear her perfect dress size . . . and after reducing she becomes a new personality, thankful that she did not settle for second best and with pride in herself looks forward to a whole new concept on life and what it holds.

By Miss Pat Walker

casions. But it's the wise, intelligent female who makes a ritual of looking her best at all times—regardless of age or season.

After all there are only a few things any woman can be absolutely certain of in this life. She cannot be sure of always having her worldly possessions. There's no ironclad insurance against losing husband, family, position, security, happiness and good for-

And with rest, every day, she looks forward to—does not dread—every special season of the year!

JEWYL PERKINS PROUD OF HER NEW FIGURE. LOSES 29 INCHES AND 20 POUNDS TO DATE!

Here Mrs. Jewyl Perkins was overweight and had tried numerous times and ways to lose weight. She states, "I could lose a few pounds, but never enough or in the right places. When I heard what other women had to say about their results from the Pat Walker program, I decided to try it, and I am so proud that I did."

In this photo, Miss Pat Walker poses with Jewyl Perkins, after Mrs. Perkins had lost 2 1/2 inches from her underbust; 3 inches from her waist; 4" from her abdomen and 2 1/2 inches from her hips, for an overall loss to date of 28 1/4" all over her body. Mrs. Perkins says, "I am so pleased with my losses, and especially since there is no starving and strenuous exercises with the Pat Walker method. I feel so much better both physically and mentally and am really proud of my new figure."

Head Start gifts

The equipment, including easels, motor skill toys, and wooden wagons with fitted blocks, were made by the students in a special workshop sponsored by Claremont Colleges and L. A. County. Bowling, anyone?

LAVERNE - The LaVerne Heights School Service Club is starting a bowling league. Everyone is welcome. Participants may sign up the meeting, September 23, at 1 p.m. at the Garey Center Bowl. There will be free baby-

sitting, coffee, ball, shoes and lessons.

The league will meet every week, for 30 weeks at a charge of \$2.25 per week. Part of the proceeds will be for prize money and part will go to the Service Club.

The Service Club uses its funds for the benefit of the LaVerne Heights School students.

Bearcats whip Lawndale

LA VERNE - Bonita's Bearcats raised the curtain on the 1970 football season in nearly the same manner as in 1969 by rolling over the Lawndale Cardinals, on the Cards home field, 36-13. Allen Carter, who scores touchdowns with amazing

regularity, struck paydirt four times in a game that saw the 'Cats get off to a slow start in the first half. The Cardinals ran through Bonita's offensive line seemingly at will early in the game and were able to sack QB Ray Anderson, in spite of Anderson's scrambling ability twice, for huge losses.

Bonita got on the board early, when with three minutes gone in the first quarter, Carter sprinted 27 yards to score and Anderson's conversion run gave the Bearcats first blood. Six minutes later Lawndale narrowed the gap to 8-6 with a Joe Rubio to Mark Johnson pass. With 50 seconds remaining in the half, the Cardinals again scored to take the lead when the Rubio-Johnson combination clicked and the kicked conversion sent the Bearcats to the locker room trailing 13 to 8.

But the second half brought disaster to the Cardinals as Carter and the Bearcats mounted a ferocious assault on their goal line, with two TD's in the third quarter and one midway in the fourth.

Curtis Frick, on a 28 yard run nipped the corner of the end zone with less than a minute remaining in the game to cap the Bearcat's scoring. Anderson's pass to Mike "The Claw" DeLos-Cobos was the final nail in the coffin of a Lawndale team that played a fairly balanced ground and air game in the opening half, but were unable to cope with the Bearcats tough second half defense.

In addition to a superb performance by Allen Carter, there were others in the Bonita line-up who contributed mightily to the victory.

Anderson, whose coolness under great pressure thrilled the Bonita fans, who in spite of the long trip to cold and damp

Lawndale, outnumbered the Cardinal fans, twice turned apparent disaster into scrambling gains.

Early in the first quarter when a blocked punt bounced around in his own backfield, Anderson scooped it up and dived 63 yards to set up the first Bearcat score. Again deep in his own territory he recovered his own fumble and turned a sure loss into a 5 yard gain. Anderson poured through to protect successfully against the pass. The Cardinals were given good field position several times when hurried punts by Anderson did not achieve the desired results.

Fritz Sahl, Steve Gaylord, Hank Walther and Craig Haren were simply outstanding on defense. Gaylord and Haren, in the first half were largely responsible for containing the Lawndale offense, as they crushed the enemy backfield many times. Ron Carlton who is perfectly willing to smash anyone near him with a football under their arm, ripped several ball carriers. Salvo Perez, another "banzai" player, served notice that he means business.

Other standouts in the game were: Don Lawler, who had a good second half, Don Rees, who sacked Lawndale's QB early in the game. Fumble recoveries were made by Ray Garcia, Craig Haren and Ron Carlton. Pass interception by Hank Walther who ran the ball back 33 yards. Curtis Frick's great second half running. Gaylord, Rees, Sal Perez, Sahl and Jim Andrews were able to down the enemy QB in his own backfield at least once each.

Other highlights were Phil Aris's 13 yard run, Rick Gran's pass defense and some good blocking by John Wallace.

Damien loses opener

LA VERNE - Damien High School was smothered by Pomona High in its opening football game of the season, despite even odds in the first quarter.

Coach Jerry Cline's Red Devils downed Damien, 26-7 in the first encounter ever between the two teams, played at Mt. San Antonio College, Friday night.

The Pomona team dominated the game both offensively and defensively after the Damien Spartans drove 30 yards in seven plays to register a 7-0 lead on the first series.

"We played poorly; they deserved to win," said Damien Coach Mike Churchill, while Pomona's Coach Cline stated, "Team pride came through for us."

Damien's score was posted after a 50-yard kickoff return by Pete Alexander, a 5-8, 135-lb. defensive back. Aided by a 15-yard penalty against the Devils, the Spartans scored seven plays later on a four-yard plunge by fullback Joe Baumgartner. Phil Garcia's kick gave Damien the lead at 8:35 minutes of the first period.

SD plays tonight

SAN DIMAS -- San Dimas High School will play its first night football game on the Bonita field tonight, Sept. 24. It will be a Frosh game with La Sierra High School.

Starting time is 7 p.m.

To help defray costs of the game, there will be a charge for all home night games unless an ASB card is presented. Cost will be 50 cents for students and adults at frosh games; 50 cents for students and \$1 for adults at JV games. All days games will be free.

Junior All Americans

Earlier this month the San Gabriel Valley Junior All American Football teams had a get together at Mt. San Antonio College for the annual "Kick-Off" games. Diamond Bar has three teams in the league this year, with a playing strength of 99 boys plus three squads of cheer leaders. The Diamond Bar group is planning several fund-raising events for this fall to purchase equipment and uniforms. For further information, contact Ray Olymen, 595-2735. Pictured above from left are Jo Annette Lorrain, Lisa Van Story, Tommy Van Story, Steve Zeigler and Jim Zeigler.

Another Carter

Freddie Carter of the Vikings rolls around end for a yardage gain. This was in the exhibition game Sunday between the San Dimas-La Verne Vikings and the Pumas from Mexico, as part of the international good will of Pop Warner Football.

Bigger!

That's what I want to be

The Upland High School football team lines up for its annual formal portrait and what is more fitting than Richard Pomierski, brother of the team's second string quarterback John Pomierski, joining them?

Richard, 9, has attended all the team's morning practices this summer and in the evening he practices his skills as a linebacker with the Upland T-Birds in the Pop Warner League. He is a student at Baldy View School.

Richard's two older brothers are also football fanatics. Dave, his 12-year-old brother, is in the Pop Warner League on the Upland Midgits where he is a defensive tackle. Jerry, also at Upland High, is a quarterback on the school's B Squad.

The four brothers are the sons of Mr. and Mrs. John F. Pomierski, 1076 Winn Dr., Upland.

Cadets report busy schedule

LA VERNE - Planned weekends for the next two months are announced by the Cadets of Brackett Composite Squadron 64.

The youth will spend several Saturdays and Sundays at Pomona Valley shopping centers to sell tickets to raise funds for a planned squadron building at Brackett Airport.

The cadets are offering a flight scholarship, including 50 hours of flight time by an FAA line instructor.

The squadron also plans to man a booth at

the Los Angeles County Fair, Sept. 18 through Oct. 4.

The cadets were on hand at the recent California 500, Ontario, where they helped baby-sit an estimated 4,000 planes flying to Chino Airport and Brackett Field; and at the starting of last weekend's Jim Long Memorial Race, an annual event.

The cadet program comes under the United States Air Forces Auxiliary, and is open to girls and boys 13 to 18. At 18 the squadron mem-

ber enters the adult program.

A cadet may learn to fly and earn his solo rating, or he may earn the ranks by going through different phases of training, such as military courtesy, and first aid. Cadets buy their own uniforms, and meet for three hours each Monday evening at Brackett for training.

Any boy or girl wishing to join the program may call the Civil Air Patrol, 593-8212, or may write a letter to the Patrol at POB 361, La Verne 91750.

'Concierto Mexicano'

CLAREMONT -- "Concierto Mexicano," a musical tour of Mexico, with a concert of folk songs and dances from many untraveled regions of our southern neighbor is now playing at Padua Hills Theatre.

Many of the dances are purely European, others are beautifully Indian in rhythm and costume with the "Deer Dance" and example of the latter.

All the musical plays produced the year around at this folk theatre are authentic in music, costumes and customs and have won world wide acclaim for integrity in staging the culture of

Mexico and early California. The dialogue is easily understood by non-Spanish speaking viewers.

"Concierto Mexicano"

is presented at 8:30 p.m. Wednesdays through Saturdays and at 2:30 on Wednesday and Saturday. Patrons will enjoy the dining room where players entertain during luncheon and dinner.

Nearby are art craft, import and glassblower shops. Reservations are suggested for "Concierto

Mexicano" which runs until Nov. 14 except during the short vacation period between Sept. 20 and Oct. 6.

Bridging the cultural gap

Volunteers and other "helping" people who recognize the need for bridging the cultural gap can gain some guidelines in a UCLA Extension special one-day conference Sept. 25 on "The Mexican-American, a Crisis with Human Services."

The Saturday program will be from 9:30 a.m. to 3:30 p.m., in the social

hall of Temple Isaiah, 10345 West Pico Blvd., West Los Angeles.

Instructing will be Gregory Ochoa, assistant director of the Benjamin Rush Center in Venice, and director of that agency's Spanish Language Counseling Center.

Those involved in volunteer work of agencies and others who serve in

"helping" roles will examine some of the reasons why they often feel blocked and ineffectual in their work with the Mexican-American.

This will be done by focusing on some cultural reference points of the Mexican-American, and how his cultural attitudes affect interaction with other cultures in an urban situation. Attention will be given to time as a cultural concept, self organization for survival, socio-religious kinship systems, the importance of magic and mysticism, and the barrio as a fortress of tradition or a socio-cultural prison.

The enrollment fee is \$15, and participants may bring a sack lunch or include an additional \$2.50 in their check for a box lunch.

For further information, write P. O. Box 24902, Department of Daytime, Programs, UCLA Extension, Los Angeles, Ca. 90024, or phone 825-2301.

The finished product

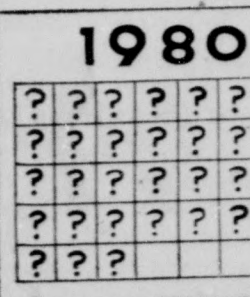

Chaffey Community Art Association members and guests learned more about working in glass and collage from Mrs. Lloyd McCallum, left and Mrs. James Miller at a recent "coffee" at the Miller home on Red Hill.

Missionaries speak

Carl and Marlene Bennett, Methodist missionaries, recently returned from Africa, and their two daughters, Robin 4 and Kimberly 14 months pictured above, were guest speakers at a pot-luck dinner held last Sunday at the Montclair United Methodist Church. The Bennetts lived in Wembo Nyama, where Bennett worked in construction and maintenance of buildings and equipment for mission schools, hospitals and churches.

Dum-Bells!

There's what they're calling the Dum-Bells! They're being sold much more cash for their weight than they can get anywhere else. And if they have a G.I. or F.A.A. license, you can get all the extras. You don't have to be a Philadelphiian to find out how much cash you can get for your Dum-Bells. And you can have your money in a day or two. If you're behind in your payments.
